OUR MINTED AND CAST BARS

Universally accepted and highly sought-after, our cast and minted products make valuable additions to portfolios and collections.

Following our long-standing tradition of responsibility, trust and excellence, Argor-Heraeus bars are finely crafted, providing lasting value and reliability for diverse investment needs.

EXCELLENCE, INNOVATION, RESPONSIBILITY: EXPERTISE YOU CAN TRUST

Argor-Heraeus is a precious metal company founded in 1951 in Mendrisio, Switzerland. From source to the end user, all along the entire precious metal supply chain, Argor-Heraeus is the ideal partner for every precious metal solution, working with a wide variety of trusted customers and partners.

All of our cast and minted bars are Good Delivery accredited. As an affirmation of our high standards, Argor-Heraeus is one of only seven "Approved Good Delivery Referees" of the LBMA.

Our key role as an long-established refinery is reflected to this day in our core values of responsibility, excellence, trust and innovation.

 ARGOR-HERAEUS

 **SMALL CRAFT**
SUPPORTING ARTISANAL MINING

**FULLY TRACEABLE
RESPONSIBLE GOLD**
SUPPORTING ARTISANAL
AND SMALL-SCALE MINING

ARTISANAL AND SMALL-SCALE MINING (ASM)

Artisanal and Small-scale Mining (ASM) plays a vital role in the mining industry, serving as a livelihood for millions and contributing significantly to the global supply of minerals and precious metals.

SMALL CRAFT 1 G FINE GOLD MINTED BAR

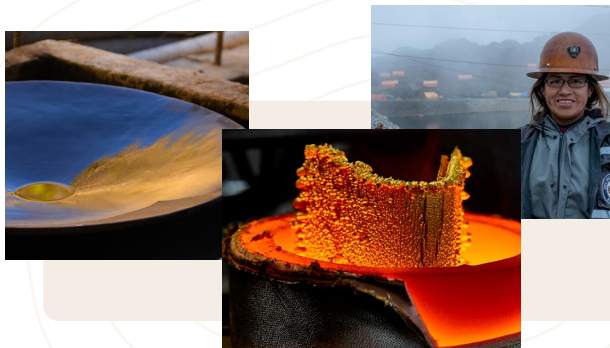

A RESPONSIBLE INVESTMENT

The gold used for the Small Craft product line is sourced from ASM mines accredited from the leading world-recognized ASM focused programs.

The price premium of this product is used to actively support small scale mining operations, for example in adopting more sustainable methods, and to enhance the welfare of local communities.

By choosing this conscious investment product, you contribute to the empowering and formalising the ASM sector by:

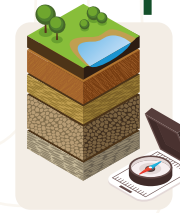

- Improving working conditions
- Developing the local community
- Supporting environmentally conscious mining practices

- Best selling size 1 g bar for investing and gifting
- Responsibly sourced from artisanal and small-scale mines
- Fully traceable gold origins
- Fine gold 999.9, Swiss Made
- Assay card made with eco-friendly cocoa-shell paper
- Also available as 1 kg cast bar, grain and standard bar

HOW TRACEABILITY WORKS AT ARGOR-HERAEUS

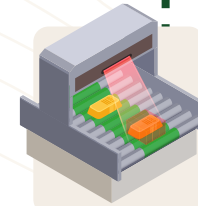

GEOFORENSIC ANALYSIS

This tool utilizes unique geological fingerprints of mining sites for database matching at the refinery.

SEGREGATED PRODUCTION

Gold is refined through dedicated lines, production slots, and specific handling procedures.

DIGITAL TWIN

Each bar is digitalized using surface-scan technology to create a digital twin for secure identification.

PROVENANCE RECORD

Distributed ledger technology provides a tamper-proof provenance record, connecting the entire supply chain.

HOW TO TRACE YOUR BAR

SCAN & TRACE

Scan the QR-code to access our traceability portal. Enter your bar's serial number to view provenance details.
